

Eastern Distribution Center Moving to Larger Facility

On January 6, 2007, we will be relocating our Cummins Filtration Eastern Distribution Center (EDC) to a nearby, larger facility to accommodate future growth.

The address of the new distribution facility is as follows:
Cummins Filtration Eastern Distribution Center
20 Logistics Blvd.
Walton, KY 41094

To facilitate the move, the EDC will be closed Monday, January 8 – Friday, January 12, with no shipping on these dates. Shipping will resume on the following **Monday, January 15, 2007**. Once shipping has resumed, Customers current shipping and delivery schedule will remain unaffected.

The following Holiday Schedule will also be in effect:

- Monday, December 25 – No shipping
- Tuesday, December 26 – Shipping
- Wednesday, December 27 – Shipping
- Thursday, December 28 – No shipping
- Friday, December 29 – No shipping
- Monday, January 1 – No shipping
- Tues, January 2 - Fri, January 5 – Full shipping

Customers are encouraged to utilize early ordering throughout November and December to facilitate product needs through mid-January.

Emergency orders may be shipped from other Cummins Filtration Distribution Centers during the week of January 8-12th, however, additional processing and delivery time for orders should be expected. Contact your Customer Assistance representative for more information.

Thank you for being a Cummins Filtration Customer. We value your business!
